

## Wall Protector

Made from rubber  
takes a lot of impact

- Suitable for interior and exterior environments
- Reduces maintenance costs
- Protects structure and appearance of building
- Excellent direct or indirect protection

### TOUGH RELIABLE PERFORMANCE

Designed to absorb, deflect and minimize the extent of wear, abrasion and impact from wheeled traffic such as trolleys, carts and vehicles, heavy duty rubber wall and corner profiles offer cost-effective protection for walls, corners and columns in busy assembly and assembly areas.

### SIMPLE, ECONOMICAL FIXING

Wall protectors are suitable for mechanical fixing to practically any substrate, including concrete, brickwork and block work. These robust and durable profiles can be used on both internal and external walls

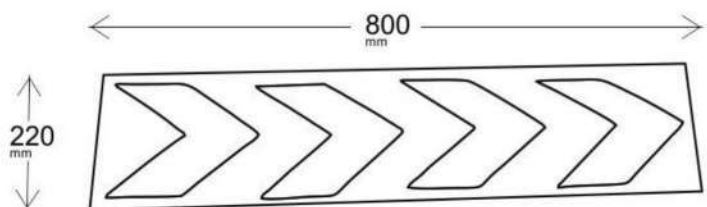

LENGTH

800 mm

WIDTH

220 mm
