

FRB-1 SW

Frontier road barrier is a good alternative and has stood the test of time stackable FRB-1 SW are perfectly ideal for use as Road Barriers, Parking & Security Barriers, Toll Plaza Barriers and Highway Barriers. Strong construction prevents damage due to vehicular impact; these barriers can also be filled with up to 25 Ltrs water for added stability. Designed with the purpose of channelling pedestrians and vehicles in construction zones, these lightweight barriers can be easily removed and set up in very little time. Dimensions are 1600 mm length, 650mm width, and 980 mm height.

- High Impact Resistant, Non Fading, UV Stabilized PE Barriers
- Highly visible around work zones, Clearly channeling pedestrians & vehicles around hazardous areas, reducing exposure to public liability claims & worker injury
- Quick and easy positioning of the barricade
- It's light weight allows two workers to quickly erect a wall in no time
- No sharp edges or corners, smooth exterior finish deters to vehicles 75% or above saving space & freight cost due to tis unique double walled structure
- Approx 300 mtrs. lenght fit into 40' container

Dimensions:

Length (mm)	Width (mm)	Height (mm)	Water Ballast (Lts)
1600	650	980	25

*SINCE THE MATERIAL IS PLASTIC, SHRINKAGE / EXPANSION OF ATLEAST 3% IS TO BE CONSIDERED IN DIMENSION
