

CABLE PROTECTOR

Frontier heavy duty cable protectors have multiple channels for the protection of wires or pipes which need to be laid in busy or working areas. Hinged Yellow lid allows for top loading of cables with convenience. Made of commercial grade rubber it is suitable for use outdoors and indoors in most weather conditions. The Black body colour with a Yellow lid is highly visible. These units will protect your cables and pipes from light vehicles of weight of up to 10 tons per axle.

Frontier cable trays are available in 5 channels and 2 channels configuration. Our cable protectors have proved their worth in several industries from media vans covering live events at stadiums, exhibition marts etc to temporary work carried out by electrician teams , plumbing teams at institutional areas.

FCP - 90 5 CHANNEL
